## Serving the City of Redding

*Doing the Most Good™*

## Our Organization

The Salvation Army is a dynamic global force that has assisted men, women and children since 1865. Today, our programs and services provide critical aid and relief to millions of individuals and families worldwide, regardless of race, color, creed or gender without discrimination.

We are dedicated to serving the needs of all people. Our officers, staff and volunteers work diligently for the well-being of all who come under our care by providing safe, tried and tested, support infrastructures that rebuild individual lives and strengthen families.

Generous gifts sustain Salvation Army programs such as homeless shelters, transitional housing, food and clothing, early childhood education, after school tutoring and activities, affordable housing for families and low-income seniors, alcohol and drug recovery and rehabilitation and emergency disaster relief.

We offer our sincere thanks to all our friends and generous supporters.

## Our Programs

### Emergency Disaster Services

The Salvation Army stands ready to respond in the event of an emergency and is often called upon by local officials to provide supplies and counseling to disaster workers and victims during a time of disaster.

### Family Services

Our Family Services office assists individuals and families with food, clothing and utilities. In addition to food boxes and other basic needs, we hold weekly classes for youth and adults to enrich family interaction as well as personal growth and development.

### Community Care Ministries

Each month, a dedicated group of local volunteers visit nursing homes, hospitals and those who are homebound in the Redding area. These volunteers strive to alleviate suffering by providing materials, comfort and a listening ear.

### Holiday Assistance

The Redding Corps works tirelessly to offer services to those less fortunate during the Thanksgiving and Christmas holidays. Meal boxes and toys are among the most common requests. Every year, hundreds of families, and children specifically, are benefited.

### Operation Transformation

In addition to our other family services, we offer Operation Transformation, a comprehensive program designed to foster physical, financial, spiritual and emotional improvement in the lives of low-income families in Shasta County. By identifying goals and resources, providing life skills coaching and isolating barriers, we hope to help our clients break out of the poverty cycle and achieve self-sufficiency.

Beyond simply meeting immediate needs, this longer-term program has been developed to suit each client's personal needs and abilities. The work is reinforced by identifying at least three personal goals per year and having weekly or bi-monthly evaluations with Program personnel.

### Church Programs & Services

Spiritual growth is an ongoing process that can be developed through the various programs and services offered at the Redding Corps. With Sunday Services, Bible studies and youth programs for kids there is something for everyone. Fellowship renders unity.
